How do I access LearningExpressLibrary?

1. Click on **Research Databases** from the library's home page at <http://www.reynolds.edu/library>.
2. When the alphabetical list of databases appears, click on **L**, then click on the **LearningExpressLibrary** link.

Why do I have to register in order to use LearningExpressLibrary?

You must set up your own personal account that provides you with instant online scoring, records your customized analysis of your strengths and weaknesses, and makes personalized recommendations. If you do not finish the test in the allotted time set by the library, you have 30 days to complete the tests. All of your answers are saved in *My Account*, which ensures complete privacy.

How do I register?

1. From the LearningExpressLibrary *Sign In* screen, click on **New User**.

2. When the *New User Registration* screen appears, type in a username & password, verify your password, and then click on **Continue**.

After you register, you will thereafter sign in as a **Returning User**.

3. When the Registration Confirmation screen appears, click on **Continue**.
4. When the Academic & Career Resources screen appears, choose a subject.

Will I be charged for any of these practice tests?

There is no cost to you. You have free and unlimited access to LearningExpressLibrary.com as long as JSRCC Library continues to subscribe to this service.

How long are the tests?

Each test varies in length and time—from 20 to 130 questions and from 30 to 120 minutes. Clicking on the name of the test will provide a description of the test, test topics, and the number of questions and estimated time. If you do not finish your test, you may save your test and resume practice later or on another day.

How many tests can I take?

You can take any number and variety of tests.

Can I retake a practice test?

Yes. Practicing the test several times will help prepare you for the actual exam. Bear in mind that the practice test will be exactly the same each time you take it.

How do I access my tests or finish an incomplete test?

You have the ability to choose **Save My Test**. You can then go back to finish your test by going to *My Account* and choosing **Continue**. The unanswered questions will be displayed before you start, and you may work toward completing the exam.

How do I get my results?

At the end of the test, choose **Score My Test**. Unanswered questions will be displayed to allow you to go back and finish. After reviewing the score analysis and test results for strengths and weaknesses, scroll to the bottom of the page and choose **View Answers**. The correct answer will be shaded, and your answer will be flagged as correct or incorrect.

Can I print out my results?

Yes. You are able to print out your results by choosing **File** on your toolbar and then selecting **Print**.

Do the scores reflect the real exam scores?

The test scores are presented as a percentage of correct answers, e.g. 75% correct out of a possible 100%. If the test score for the actual exams are presented differently, e.g. the SAT scale of 800, percentage results will be roughly equated to the SAT scale.

Why are the tests timed?

LearningExpressLibrary.com provides you with a true test-taking experience. Many of the actual academic and civil service tests are timed, so you can learn how to pace yourself through the test and not spend too much time in any one section.
