Last updated on 1/11/13.

Obtaining Full-Text Articles:

If you would like to obtain the full text article from a journal, magazine or newspaper and have the citation (e.g., author, article title, periodical title, date, etc.), you can:

1. Click on the **Databases** tab from the Library's home page at <http://library.reynolds.edu>. When the *Databases* menu appears, click on **Browse by Journal Title**.

2. When the *Journal Locators* screen appears, enter the name of the journal, magazine or newspaper. The results list will indicate whether the journal, magazine or newspaper is available online through any of the library's databases or if it's available in print in the library. Make sure to type in the name of the **periodical title** (e.g., *Newsweek*, *Psychology Today*) and **NOT the article title**. You can also go directly to <http://library.reynolds.edu/find/journals>.

Our Journal Locator page will tell you if we have access to specific journals by title or subject. If you are looking for articles, you will want the **Databases by Subject** page.
